

# Hazbin Hotel - Losin' Streak

tom:  
Intro: B Abm Dbm Ebm

[Primeira Parte]

It's been so very long since Lady  
Luck kissed you  
Still, you listen for her song  
And pray that she missed you  
Dead inside 'cause you know it's all  
Pretend  
Close your eyes 'cause you're goin' off  
The deep end again

[Refrão]

You're livin' for the rush, for that  
Royal flush  
But you take what you can get  
You play your final ace for a pretty  
Face  
Tastes like Scotch and cigarettes

And you can't help fallin', goin' all in  
Though your odds are bleak  
'Til you break your losin' streak

[Interlude]

Ooh  
Oh, no

[Refrão]

You're livin' for the rush, for that  
Royal flush  
But the next best thing will do  
You want to spend your chips on these  
Rosy lips  
Tryin' to get me next to you  
'Cause you can't help needin' to believe  
In findin' what you seek  
'Til you break your lo---sin'  
Good luck out there boys

## Acordes
