

He Is We - Breathe

Tom: D

(intro) D G Bm A

D
Harness your heart, and be still now
G
Quiet that mind that will wander
Bm A
All sorts of dark alleys

D
Tragedy strikes your self esteem
G
Constantly waiting for an ending
Bm A
To all of this

Bm
She opens her eyes
A
Suddenly she cries
G
Can we help her, can we help her?
G A
And she replies:

G D
You know, I fake it oh so well
Bm
That God himself can't tell
A G
What I mean and why my words are less than parallel
D
With my feet
Bm
You ask me what I need
A
And all I really need
D
Is to breathe

G Bm
Oooohh
A
Ahhaah

D
People, they seem so interested
G
Only a few get invested
Bm A
With all the aches and pains

D
Doctor oh doctor, please help her
G
I fear she may not be breathing
Bm A

Blue lips, and doe eyes

That's her disguise.

G D
You know, I fake it oh so well
Bm
That God himself can't tell
A G
What I mean and why my words are less than parallel
D
With my feet
Bm
You ask me what I need
A
And all I really need
Bm
Is to breathe

Oooooh
G
Ooooh, oh
D
Oooooh
D
Oooooh

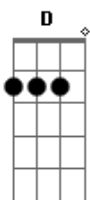

Bm
(Ooooooh)
Give me some space to breathe
Bm A
(Ooooh, oh)
I need a little room to breathe
D
Give me some space to breathe
D A Bm
All I need is a little room to breathe.

D
(Ooooh)

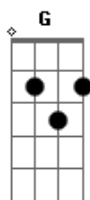

Bm
I fake it oh so well
A
That God can't tell

G D
You know, I fake it oh so well
Bm
That God himself can't tell
A G
What I mean and why my words are less than parallel
D
With my feet
Bm
You ask me what I need
A G D
And all I really need
Bm A
Is to breathe
Let me breathe
