I woke up tired with you laying old

E Abm
And I wondered why my bed was cold

And I thought could you have gone

Abm A
And if so what went wrong

E
And why would I let you go?

Abm A
Why would I ever let you go?

Oh no, what if I never knew your name

E A
Oh my God, that's insane

B Dbm
What if you love is not the same

E A
As it seems inside my brain

What if you're not really in my sheets
