

# Halloween - Ride the sky

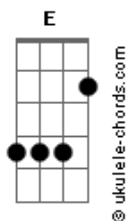

tom:  
E

Intro: Part 1

Let Guitar 1 play low notes and Guitar 2 the "interludes" between  
Repeat this whole procedure again, but now both guitars play, and DO NOT  
Use the notes with stares above!  
Verse  
Much too long I've been a prisoner here  
The hour has come to break out  
Shackled and chained almost goin' insane  
It's better to live on the run

Now there's this bridge that I'm not very sure on. But anyway I've got something that at least sounds pretty good  
Bridge  
Set me free  
Ooooooooooooooooooh!  
Set me free!

## Acordes

P.m[ ] [ ]  
Pre Chorus  
Send me a sign wanna leave it all behind  
I'll be leaving the hands of doom  
Rearrange the master plan, take the future in my hands  
To be free and not trapped anymore  
( - Very fast strumming)  
This is a very simple riff, you play it twice, first time end 1 second time end 2!  
That wasn't so hard, eh?

End 1 End 2

Chorus  
Ride the sky  
Ride the sky  
Give me wings to fly  
Ride the sky  
Part 1 2x Part 2 Part 3

Repeat this twice, last time skip Part 3 and go back to the intro riff, but play it only one time  
Verse 2  
I have to think for myself and then act  
In conformity of my own thoughts  
No one should tell me what's wrong and what's right  
Why don't you leave me alone
