

# Helluva Boss - I Will Be Okay

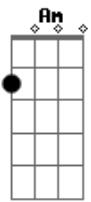

tom:  
C  
C  
Your boxes packed up on the bed  
Your words are in my head Am  
Tellin' me that we'll be okay F  
You'll remember what you said C  
Or was it just another lie?  
This place that used to be your home Am  
Would you call me on the phone?  
Will I hear your voice in the middle of the night F  
When I turn off the lights? C  
Or are you just another ghost?  
Oh  
Am C  
How could you lie to my face? F

And did our time mean nothing to you?  
Were you bluffing all along? Fm  
That you would be there to see C  
Yourself forgiven by me F  
If you thought that I'd take it you were wrong! Fm  
Oh you were wrong! F  
And when you're gone I will be okay E  
I will be okay, though I'll never be the same C  
And I'll know that I was right to doubt you! E  
I'll grow without you and you'll only know my name F C  
You always told me I'd be okay E  
Well I'll be okay, though I'm not okay today F C  
But my tears won't fall upon your shoulder E  
I'll just get older and you'll only know my name F C
