

Henri Mezz - My suicide

tom:
C

Em
I woke up in the ashes of who I used to be
G
A stranger in the mirror staring back at me
D
Every word you left behind still bleeds like rain
A
Falling through the cracks inside my chest again
Em
I try to hold the pieces but they slip and fade
G
Like echoes of a promise that we never made
D
I'm walking in the dark with no one at my side
A
Killing all the parts of me I never meant to hide

[Pre-Chorus ? estilo Pearl Jam, emocional]
(Mais forte, voz sobe um pouco)

C
And I'm breaking in the quiet
G
Where your shadow used to lie
D
Every step just pulls me under
Em
But I swear I still try

[Chorus ? estilo Linkin Park, explosivo e triste]
(Aumenta a força da batida)

Em
My suiciiiiide?
C
The part of me that's dying deep inside
G
I'm screaming but the world just passes by
D
A heart that falls but never says goodbye
Em
My suiciiiiide?
C
The breaking point I fight to stay alive
G
I'm fading but I'm holding on this time
D
A death I feel but never cross the line

[Verse 2 ? mais cru, estilo Nirvana unplugged]

Em
Your name still burns like winter on my skin

G
A wound that never closes, bleeding from within
D
I try to kill the fears I always tend to hide
A
But they keep whispering your voice inside

[Pre-Chorus]

C
And I'm falling through the silence
G
Where the truth refuses light
D
I'm a ghost inside the memories
Em
But I'm still here tonight

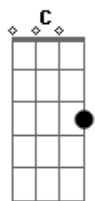

[Final Chorus ? mais forte, estilo LP]

Em
My suiciiiiide?
C
The part of me I'm trying to survive
G
The pain I bury just to stay alive
D
A storm that never leaves but never dies
Em
My suiciiiiide?
C
The edge I stand on every single night
G
I'm breaking but I'm holding on this time
D
Still alive? still alive

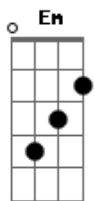

[Bridge ? estilo Pearl Jam emotivo Nirvana sujo]

Am
If you could see me now
C
Would you turn or would you stay?
Em
I'm just a fading version
D
Of the life you walked away
Am
But even in the darkness
C
I'm still reaching for the light
Em
Killing every fear that
D
Whispers I won't make it through the night
