

High School Musical - Just Wanna Be With You

```
Tom: C
                                                                Your on my mind your in my heart
  C
I got alot things
                                                                It doesn't matter where we are, it'll be alright
                                                                Even if we're miles apart
All these distractions
                                                                                           Am G
                                                                All I wanna do, Is be with you be with you
Our futures coming soon
                                                                Theres nothing we can do Just wanna be with you
We're Being pulled 100 different directions
                                                                Only you
                                                                                                C
But whatever happens I know Ive got you
                                                                No matter where life takes us nothing can break us apart..
                                                                      G
                                                                You know its true
Your on my mind your in my heart
                                                                I just wanna be with you
It doesnt matter where we are, it'll be alright
                                                                (Be with you)
Even if we're miles apart
                                                                You know how life can be
                          Am G
                                                                It changes over night
All I wanna do, Is be with you be with you
                                                                Its sunny but raining, but its alright
                                                                A friend like you..
                                     G
                                                                Always makes it easy
Theres nothing we can do Just wanna be with you
                                                                I know that your kidding me everytime.
Only you
                                                                Through every up through every down
                                                                You know I'll always be around
No matter where life takes us nothing can break us apart..
                                                                Through everything you can count on me..
You know its true
                                                                All I wanna do, Is be with you be with you
I just wanna be with you
                                                                Theres nothing we can do Just wanna be with you
                                                                Onlv vou
                                                                No matter where life takes us nothing can break us apart..
(Be with vou)
                                                                You know its true
You know how life can be
                                                                I just wanna be with you
It changes over night
Its sunny but raining, but its alright
                                                                I just wanna be with you...
                                                               hey guys, there is the music " i just wanna be with you" of
A friend like you..
Always makes it easy
                                                               High School Musical 3. I
                                                                it by ear so i'm not sure if it's alright! this is my first
I know that your kidding me everytime
                                                                tab, so if there's something
                                                                just comment!
Through every up through every down
You know I'll always be around
Through everything you can count on me
                                                                I got alot things
All I wanna do, Is be with you be with you
Theres nothing we can do Just wanna be with you
                                                                I have to do..
Only you
No matter where life takes us nothing can break us apart
                                                                All these distractions
You know its true
I just wanna be with you
                                                                Our futures coming soon
I just wanna be with you
                                                                We're Being pulled 100 different directions
What's this?
                                                                But whatever happens I know Ive got you
hey guys, there is the music " i just wanna be with you" of
High School Musical 3. I
it by ear so i'm not sure if it's alright! this is my first
                                                                Your on my mind your in my heart
tab, so if there's something
just comment!
                                                                It doesn't matter where we are, it'll be alright
                                                                Dm
                                                                Even if we're miles apart
I got alot things
                                                                                           Am G
I have to do
                                                                All I wanna do, Is be with you be with you
                                                                                                     G
All these distractions
                                                                Theres nothing we can do Just wanna be with you
Our futures coming soon
                                                                Only you
                                                                No matter where life takes us nothing can break us apart..
We're Being pulled 100 different directions
                                                                You know its true
But whatever happens I know Ive got you
                                                                I just wanna be with you
```

(Be with you)

You know how life can be
It changes over night
Its sunny but raining, but its alright
A friend like you..
Always makes it easy
I know that your kidding me everytime

Through every up through every down

You know I'll always be around Through everything you can count on me

All I wanna do, Is be with you be with you Theres nothing we can do Just wanna be with you Only you
No matter where life takes us nothing can break us apart You know its true
I just wanna be with you

I just wanna be with you
