

High Watah - Don't Go

tom:
Intro: A

A
I've been, thinking

About us and, how much I

Love you, you love me

I care for you baby

'Cause what would I do without you?

A
What would I say if our love gets taken away?

What would you do without me?

What would you say? Baby I don't wanna see the day

Bm E
I am all alone in this room

Bm E
Staring at a picture of you

A
So don't go running off

Bm
Baby, I still wanna give you all my love

E Bm
And if I'm with you, I know you'll be there for me

E
By my side, always and faithfully

A
So don't go running off

Bm
Baby, I still wanna give you all my love

E Bm
And if I'm with you, I know you'll be there for me

E
By my side, always and faithfully

A
My girl

Oh, Lord, yeah

My girl

A
Baby, if I, lose you

Man, that heartache I

Can't say, so don't go

Don't leave, please stay

A
What would I do without you?

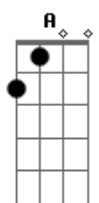

What would I say if our love gets taken away?
