

Hyldon - Depois do Inverno

tom:

Bm

Intro: D Bm G A7 Gb7

Vi um bando de aves voando num céu azul

O verão foi embora e levou meu amor

Agora sou um pássaro ferido

Que vive pelos cantos sem cantar

Onde estou? De onde vim? Pra onde vou? Já nem sei

Como um barco à deriva no mar Eu fiquei

O sol iluminará a escuridão

E das sombras, das dores virá uma nova paixão

Numa tarde de outono folhas caem sobre mim

No inverno solidão na primavera vou florir

Sorrir (Sha la la lá)

Sorrir (solo guitarra)
