Hillsong United - Greatest Of These

Tom: E

```
           E                    B
I could chase after greatness
        Gbm           Dbm
First to fall on my knees
         A         E              Abm        A
Lose myself to be found where You want me
          E            B
I could do all the right things
        Gbm            Dbm
Sing the words till they bleed
          A          E
But I know it's just noise
      Abm       A  B
If I don't have love

           Dbm          A           E
So I won't waste my breath if it's not for love
         Dbm        A          E
I don't have the heart if it's not for love
           Dbm       A              E
Don't let me say it's faith if it counts no cost
           Dbm        A              E
'Cause there's no fear in love, but there is a cross

          E            B
I could speak like the angels
        Gbm          Dbm
Prophesy, knowing all
          A          E           Abm        A
I could live with the faith to move mountains
            E            B
And should I die like a martyr
          Gbm           Dbm
Give my wealth to the poor
          A           E           Abm        A  B
```

```
It would all scream loud-nothing if I don't have love
           Dbm          A           E
So I won't waste my breath if it's not for love
         Dbm        A          E
I don't have the heart if it's not for love
           Dbm       A              E
Don't let me say it's faith if it counts no cost
            Dbm        A             E
'Cause there's no fear in love, but there is a cross

         E            B
Be patient, be kind
         Gbm        Dbm
Hold no envy or pride
          A              E
Be the first to come last
        Abm     A
For a - nother
       E            B
Never forced, slow to anger
          Gbm           Dbm
Trust without keeping score
        A              E
Long to suffer with truth
         Abm   A   B
Love will never die

            Dbm          A             E
Oh, I won't waste my breath if it's not for love
         Dbm        A          E
I don't have the heart if it's not for love
           Dbm       A              E
Don't let me say it's faith if it counts no cost
            Dbm        A             E
'Cause there's no fear in love, but there is a cross
           Dbm      A          E
Love will never die, but there is a cross
```
