

Hillsong United - Heaven Knows

Tom: C

Hold my heart, don't let it bleed no more
Sometimes forgiveness is like a man at war
God only knows why love is worth the fall
Maybe that's what makes it love
Maybe that's what makes it love

I can hear it now
The everlasting sound
Roaring like a lion deep within me
I won't hold it long
I wasn't made that strong
Sweet Surrender, hold my heart and not let go
I'm letting go
And Heaven knows

I love you so
(Am F C)
Hold my heart, don't let it break like fear
Sometimes a moment feels like a thousand years
God only knows why is love is drenched in tears
Maybe that's what makes it love
Maybe that's what makes it love
(Am F C)

Then sings my soul
Then sings my soul
How great your love is
How great your love is
