

Hillsong United - Towards You

Tom: B

Intro: 4x: E B Gb Abm

You took the fall
 That was destined for us
 You saw our lives in need
 And You showed us love
 Now neither height
 Nor depth could tear us apart
 Not a thing on earth could break this

Refrão:

Now we hear Your voice inside our hearts
 Like thunder
 Open up our eyes to see Your light
 So bright
 Oh let's go, let's go, let's go
 Take love where the hurt is
 Let's go, let's go, let's go
 Take it to the lost

(E)

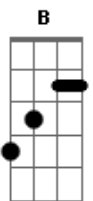

Verso 2:

We've seen our sin
 With our guilt disappear
 We've seen the walls crash down
 That once held us in fear
 The strongholds fell
 That once kept us from You
 Nothing but Your love could save us

Ponte:

You are all we need
 So we will turn and run towards
 You
 Oh let's go, let's go, let's go
 Take love where the hurt is
 Let's go, let's go, let's go
 Take it to the lost
