Hillsong - Sing My Soul
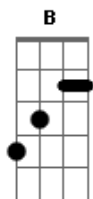

Tom: B
Intro: Abm E B Gb

Abm   E
I try to find the perfect song
        B   Gb
For the one I love
Abm   E
I try to find the words that say
              B   Gb
You mean everything to me

                    Abm   E
But a song can't say it all
                 B   Gb
And my words alone fall short

                    Abm   E
So sing my soul
                 B   Gb
Sing my soul
