

# Hindi Zahra - Any Story

tom:  
Capostrate na 3ª casa  
The night was cold and I was told to keep the silence and go  
Look at the seaside the trouble is waiting and the wind blows outside  
Before you break any soul before you try  
Hold on to the days that will come by by by

[Refrão]

Any story can be mine  
Any heart can run my blood  
But this road that I have found  
Is a mountain of flowers that turn to be mine  
Ah, ah, ah, ah, ah

[Segunda Parte]

When the silence speaks words you don't wanna say  
When the pain starts to fade away  
When the fire takes you to the light  
When the word shows you where to find love  
Lord won't you please take us back to that time  
Lord won't you please when everything was one

[Refrão]

Any story can be mine  
Any heart can run my blood  
But this road that I have found

Is a mountain of flowers that turn to be mine  
Oh, oh, oh, oh, oh, oh, oh  
Any story can be mine  
Any heart can run my blood  
But this road that I have found  
Is a mountain of flowers that turn to be mine

[Ponte]

We came in so many pieces  
Broken bones and tired souls  
But none has been defeated  
Soldiers of love and rivers of hope  
Soldiers of love and children of hope

[Refrão Final]

Any story can be mine  
Any heart can run my blood  
But this road that I have found  
Is a mountain of flowers that turn to be mine  
Ah, ah, ah, ah, ah

Any story can be mine  
Any heart can run my blood  
But this road that I have found  
Is a mountain of flowers that turn to be mine  
Ah, ah, ah, ah, ah
