

# Hinos de Cidades - Hino de Pacaraima - Rr

tom:

G

Pacaraima é mais pertinho do céu

Com as estrelas nordeando o nosso brio

É bom viver nesta terra, bela azul anil

Do marco BV8 então surgiu

O manto azul que cobre a serra é o luar

E as riquezas semeando o nosso chão

## Acordes

És berço de Makunáima, flora varonil

Extremo norte exuberante do Brasil

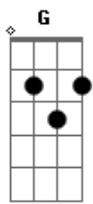

Felicidade mora aqui nesta Serra

Somos da fronteira do amor

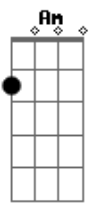

O cesto cheio de carinho é Pacaraima

Somos de Roraima, bom povo brasileiro

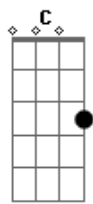

Que não foge da luta e tem seu valor
