

Hippo Campus - Suicide Saturday

Tom: C

(com acordes na forma de G)

Capostrate na 5ª casa

I heard it told by her mother old,

she could try, she could try it.

With the power of tin and a bottle of gin,

she was wise, she was wise to it.

Cocked her father's gun, like the oldest son,

she could try, she could try it.

Blessed by the bed where she laid her head and
calmed to a dull roar

Oh

It was a Suicide Saturday

Oh

In a summertime kind of way

Oh

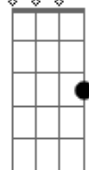

It was a Suicide Saturday
