You're bigger

Bigger!

Why do you ride?

I will shiver

Shiver!

Into the fire!

You just get out alive!

E

We'll let our worlds collide

We are bigger!

Fm

Close my eyes and I see the fallen

E

They threw the stones to make us go away

D

It was only the face of anger and kindness

E

It lit my way

Fm

Ain't no picnic to be abandoned

E

It led us here. We had to share the pain

D

Is it fate to be smashed to pieces?

E

If you go we go together

For

Fm

Now you are a part of me

E

I will defend and honor thee

E

You're trembling

We share a kiss

Our worlds eclipse
