Lyrics:

It's the emptiness that follows you down  
It's the ache inside when it all burns out  
It's poisonous, it muscles, it aches

It's everything you had when it breaks

It's the emptiness, that's all you have left  
Too terrified of your frozen breath  
It's a bitter mouth, it's buttered and knived  
It's the awful truth, you fight for your life

It might as well, it might as well hurt  
It might as well, it might as well

I went down to rescue you  
I went all the way down  
Fill your hungry wretched life  
Here they come, it's closing time

It's the bitter root, it's twisted inside  
It's the heart you used to have when it died  
It's the emptiness, it poisons, it lies  
It's everything that you'll never find

It might as well, it might as well hurt  
It might as well, it might as well

I went down for the remains  
Sort through all your blurs and stains  
Take your rapture blister burns  
Stand in line, it's not your turn

All dressed in red  
always the bride  
Off with her head  
All dressed in white  
Off with her head

I went down to rescue you  
I went all the way down  
I went down for the remains  
Sort through all your blurs and stains

Ooh, I will follow you  
Anytime anywhere  
Ooh, I will come for you  
Just say you don't care
