

Hollie Col - She Knows

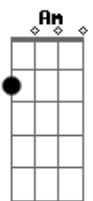

tom:
 C
 She gave me a million ways to call her back
 And I gave her a million reasons to forget me
 Thoughts were always clear, words just weren't that easy
 Now you've got her body and I haven't been sleepin' lately
 I knew I had to go when she said she loved me
 She's the one I'm saving, She's my rediscovery
 So I can't do this now, holding on for always
 Then you came around when I thought she was holding on too
 F G C G
 You don't know me and you're holding onto all the things I love the most
 And now I'm asking politely, could you let her go?
 'Cause I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell, she knows it
 Do I tell you she's been calling when you look away?
 Should I tell you that she missed me?, Should I tell you she's afraid?
 Now I don't wanna ruin all the things you have
 But she knows that I love her and my patience is wearing out
 F G C G
 Am

You don't know me and you're holding onto all the things I love the most
 And now I'm asking politely, could you let her go?
 'Cause I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell, she knows it, I can tell
 You don't know what it's like to find your love and lose her twice
 You don't know what it's like to find your love and lose her twice
 You might think that you've got time but she's not your love
 She's not your love, She's not your love
 I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell
 I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell, knows it, I can tell... No..No
 I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell, knows it, I can tell
 She knows it, knows it, knows it, I can tell
