

# Hollow Coves - The Woods

Tom: **A**  
Intro: **D A E**

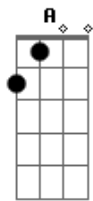

**D**  
We're all falling down  
**A E**  
and we need a place to hide  
**D A**  
A safe place somewhere in the woods  
**E**  
where we can start the fire  
**D A E**  
All we know is that would be our home  
**D A E**  
We will stay 'till the break of dawn

**D A E**  
The cold night takes us to a place to escape the chill  
**D A E**  
Top top, somewhere in the woods, on the hill  
**D A E**  
Wake up, feeling the cold in between our toes  
**D A E**

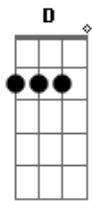

Is there a way back? Nobody knows  
**D A E**  
And we leave it all behind  
**D A E**  
Can't you see we need some time?  
**D A**  
And we all sit around the fire  
**E**  
We feel a little warmer now  
**D A**  
And we all sit around the fire  
**E**  
We feel so much better now

**D A**  
And we all sit around the fire  
**E**  
We feel a little warmer now  
**D A**  
And we all sit around the fire  
**E**  
We feel so much better now 2x
