I got lucky finding you F E

I won big the day that I came across you Em Cm

Cause when you're with me, I don't feel blue F E

Not a day goes by that I would not redo Em Cm

Everybody wants to love F E

It's easy when you try hard enough Em Cm

You'll always be my Day 1 F E

Day zero when I was no one Em Cm

I'm nothing by myself, you and no one else F E

Thankful you're my Day 1 Em Cm

Thankful you're my Day 1 F

When I first met you, it just felt right F E  
Em Cm

It's like I met a copy of myself that night

I don't believe in fate as such F E

But we were meant to be together that's my hunch Em Cm

Everybody wants true love F E

It's out there if you look hard enough, enough, enough Em Cm

You'll always be my Day 1 F E

Day zero when I was no one Em Cm

I'm nothing by myself, you and no one else F E

Thankful you're my Day 1 Em Cm

Thankful you're my Day 1 F

Hour by hour, minute by minute

I got mad love for you and you know it

I would never leave you on your own

I just want you to know

You'll always be my Day 1 F E

Day zero when I was no one Em Cm

I'm nothing by myself, you and no one else F E

Thankful you're my Day 1 Em Cm

Thankful you're my Day 1 F
