```
Tom: Eb
                                                             You're on my mind, all the time
                                                                        Bb

                                                             We are not wasting this
I dream it all the time, girl
          Ab7
                                                                                   Ab7
                                                                                                           Bb
Waking up warm in your arms and without a care
                                                             Cause you and I we're good together, oh
                                                                              Ab
No money ain't a problem, girl
                                                             You always get me feeling better
                                                                                       Ab7 Gm F7 Bb

                                                                        Bb
Just give me the time and the place, and I'll be there
                                                             And I know you stay by my side-e-e
                                                                        Ab7
0h oh
                                                             You make me feel much better

Cause I would go the distance for you, baby
                                                             Cause girl we're good together
I'd travel 'round the world if you would let me.
                                                             Oh, you know I would go the distance
                     Abm
I'll meet you where the sun it always shines
                                                             Just to be amongst your presence
