

# Hot Chip - Look At Where We Are

Tom: Db

m

From the deep silence of my mind  
 Is something I'm trying to find  
 When it speaks you know you will hear my name  
 Not so complex in design  
 But harder to mind  
 As I step, in vain  
 Won't you come down to my arms  
 There's something I'm ready to say  
 Would you call, my name

Look at where we are  
 Remember where we started out  
 Never gonna be without each others love again  
 Look at where we are, are, are  
 I need your name  
 Look at where we are  
 Remember where we started out  
 Never gonna be without each others love again  
 Look at where we are, are, are  
 I need your name

 But opening up this chest

 I discovered that a heart is lame

 Falling behind what we guess

 But trying to do our best

 Do we stop, do we stop in frame

 Won't you come back to my heart
