

Hot Chocolate - It Started With A Kiss

tom:
G

D D G C Am Bm Em C G

It Started with a kiss .. in the back row of the classroom
How could I resist the aroma of your perfume
You and I were inseparable it was love at first sight
You made me promise to marry you
I made you promise to be my wife

C G C C G

But then .. you were only eight years old
I had just about turned nine (just about turned nine)
I thought that life was always good
I thought you always would be mine

[Refrão]

G D Am C

It started with a kiss
Never thought it would come to this
It started with a kiss
Never thought it would come to this

G C Am D D

I remember every little thing
Like fighting in the playground
As some good-looking boy had started to hang around
That boy hurt me so bad

Bm Em

But I was happy 'cos you cried still
I couldn't help but notice
That new distant look in your eyes and then
When you were sixteen
And I had just turned seventeen (just turned seventeen)
I couldn't hold on to your love
I couldn't hold on to my dream

[Refrão]

Em D Em

You don't remember me do you
You don't remember me do you
(Am C D D)

G C Am D D

Walking down the streets again
Came the star of my love story
And my heart began to beat so fast
And so clear was my memory

C D Bm Em

I heard my voice cry out your name
And as you looked and looked away
I felt so hurt I felt so small it was all
That I could say
(G D Am C G)
