Housefires - I'll Give Thanks

```
                        tom:
                    E

        E                           A
   In the morning you sing over me
E             A
   I receive your mercy
E                        A
   Your faithfulness is clear to see
E                A
   Constant everyday

Gbm                        E
   Every breath I breathe an invitation
                A           B
To believe you are creating something good
Gbm                        E
   Though this season doesn?t tell my story
                A
I know you?ll move mountains for me
        B
You?re just that good

[Refrão]
```

```
        E         A           Dbm
So I?ll give thanks to God
                B
When I don?t have enough
E               A
   Cause He?s more than enough
Dbm           B
   And He knows what I need

E                        A
   In the silence i choose to believe
E                        A
   You?re working in the waiting
E                        A
   Though the future isn?t clear to me
E                        A
   I trust you anyway

Dbm           A
   Why do I worry
Dbm           B
   Why do I worry
E           A
   Why do I worry
     Dbm             B
God knows what I need
```
