

Hozen - Come Back Home

Tom: **E**

E
I say goodbye to mom and go
I kiss my girl like I've never done before

A
On the company of my guitar
The journey is about to start
And i am not alone now

E
I leave my footprints on the ground
Just follow me if you are around

A
I bring happiness in me
I'll show you if you want to see
Take a seat and have a good trip

E **A** **Dbm**
Cause it's time to hit the road

B **E**
It's time to hit the road

E
Can you hear that song?
What does it makes you feel?

A

When it grows in your heart
And shows that this is real

Gbm
When we sing together

E
We all become one
That's what we came for

A
To give you a sound of happiness
Sing it to the word
And see the magic happen

Gbm
When everyone is reached

Dbm
It will be our time

A **Dbm**
Our time to come back home

B **Dbm**
Our time to come back home

A **Dbm**
It's time to come back home

B **E**
It's time to come back home
