

Hozier - No Plan

Tom: **G**
Intro: **G C Em C**
Em Am Em Am

Em
For starts
Am
What a waste to say the heart could feel apart
Am
Or feel complete, baby
Em
Why would you make out of words a cage for your own bird?
Am
When it sings so sweet
Am
The screaming, heaving, fuckery of the world?
Em
Why would you offer a name to the same old tired pain?
Em
When all things come from nothing and, honey, if nothing's gained?
Em
My heart is thrilled by the still of your hand
Em **N.C**
It's how I know now that you understand

Em
There's no plan, there's no race to be run
D
The harder the rain, honey, the sweeter the sun
Em
There's no plan, there's no kingdom to come
D
I'll be your man if you got love to get done
Em
Sit in and watch the sunlight fade
D
Honey, enjoy, it's gettin' late
Em
There's no plan, there's no hand on the rein
D
As Mack explained, there will be darkness again
Em
Let it hurl, let the awful song be heard
Em
Blue bird, I know you beat, baby
Em
But your secret is safe with me 'cause if secrets were like seeds
Em
Keep my body from the fire, hire a gardener for my grave
Em

Your secret is safe with me, and if secrets were like seeds
Em
When I'm lying under marble, marvel at flowers you'll have made
