                                                                                                                                                                                                                                                                                                                                                                                                                               As long as you're mine tomorrow
                                               Cadd9
 That you'd never hear me say
                                                                                                                                                                                                                                                                                                                                                                                                                                           C D
                                                              G Em
                                                                                                                                                                                                                                                                                                                                                                                                                                Tomorrow
                                                                                                                                                                                                                                                                                                                                                                                                                                      G
 That was back before forever Cadd9 D
                                                                                                                                                                                                                                                                                                                                                                                                                               Mine tomorrow
 Had a name and a pretty face
                                                                                 Am
                                                                                                                                                                                                                                                                                                                                                                                                                                As long as you're mine
 And a smile that turns any wrong around
                                                                                 Cadd9
                                                                                                                                                                                                                                                                                                                                                                                                                                Tomorrow
 Darling, it's alright when the sun goes
  Acordes
```
