

Hugo's Voyage - A Friend Like You

```
Oh you know to count on me
                tom:
                                                                [Refrão]
                Dbm
Intro: E A E Dbm A B
[Primeira Parte]
                                                                If you needed me I'd be there
                                                                To find your way back to anywhere
You, there's no one in the world like you
                                                                If I needed to call on you
So happy to call you friend
                                                                I know you'd know what to do
And though I haven't seen your face
                                                                When I'm lost and can't find my way
I know till the end
                                                                I look to you everything's ok
[Pré-Refrão]
                                                                If I needed to call on you
                                                                                                     B Gbm E Gbm B
  If the world was gone and nothin' goin' right
                                                                I know I can count on a friend like you
I'd be with you tonight
                                                                [Final]
[Refrão]
                                                                If you needed me I'd be there
If you needed me I'd be there
                                                                To find your way back to anywhere
To find your way back to anywhere
                                                                If I needed to call on you
If I needed to call on you
                                                                I know you'd know what to do
                                            Gbm Ab A B
I know you'd know what to do a friend like you
                                                                When I'm lost and can't find my way
[Segunda Parte]
                                                                I look to you everything's ok
                                                                If I needed to call on you
Hard, I know this life can be so hard
                                                                I know I can count on a friend like you
Just tryin' to get back to now
                                                                        Dbm A B
                                                                   Oh, oh, ooh...
                                                                                   When I'm lost
       E
You're searchin' for the truth
                                                                  When I'm lost
And I'll show you how
                                                                And can't find my way
[Pré-Refrão]
                                                                When I'm lost, baby
                                                                                  A E Dbm A B
                                                                A friend like you
And when darkness falls and nothin' you can see
