## **Human - Rag 'N' Bone Man**

```
Making you cry
Maybe I'm foolish, maybe I'm blind
                                                               Cos I'm only human after all, I'm only human after all
Thinking I can see through this and see what's behind
                                                               Don't put your blame on me,
Got no way to prove it so maybe I'm blind
                                                               Don't put the blame on me
But I'm only human after all, I'm only human after all
                                                               Woah
Don't put your blame on me
                                                               Bm
                                                                     Some people got the real problems
Don't put your blame on me

                                                                     Some people out of luck
                                                               Bm
                                                                     Some people think I can solve them
Wooah
     Take a look in the mirror and what do you see
                                                                     Lord heavens above
              Bm
                        Α
Do you see it clearer or are you deceived
                                                                I'm only human after all, I'm only human after all
           Bm
in what you believe
                                                               Don't put the blame on me
Cos I'm only human after all, you're only human after all
                                                                Don't put the blame on me
                                                                I'm only human I make mistakes
Don't put the blame on me
Don't put your blame on me
                                                                I'm only human that's all it takes
                                                                to put the blame on me
Woah
                                                               Don't put your blame on me
      Some people got the real problems
Bm
     Some people out of luck
                                                                I'm no prophet or messiah

                                                                Should go looking somewhere higher
     Some people think I can solve them
      Lord heavens above
                                                                I'm only human after all, I'm only human after all
I'm only human after all, I'm only human after all

Don't put the blame on me
                                                                I'm only human I do what I can
Don't ask my opinion don't ask me to lie
                                                                I'm just a man, I do what I can
               Bm
Then beg for forgiveness
