

Engelbert Humperdinck - Raindrops Keep Falling On My Head

```
Tom: F
                                                                    Bb C7 Bb C7
   Intro: F C Bb C
                                                               It won't be long till happiness steps up to greet me
                                                                Raindrops keep fallin' on my head
Raindrops keep falling on my head
                                                                                                                     Bb7
                                                               But that doesn't mean my eyes will soon be turnin' red
And just like the guy whose feet are too big for his bed
                                                                                      D7
                                                                                  \mathsf{Am}
                                                                Cryin's not for me,
                      Am D7
                                                                                      cause I'm never gonna stop the rain by
Nothing seems to fit, those
                                                                compainin'
                                                                       C7
                                                                because I'm free, nothings worryin' me
Raindrops are fallin' on my head they keep fallin' so I just
                                                                Interlude: F F Gm C7 Am D7 G7 C7 Bb C7 Bb C7
Did me some talkin' to the sun
                                                                Raindrops keep fallin' on my head
                                                                                                                     Bb7
                                                            Am
And I said I didn't like the way he got things done
                   Am D7
                                                                But that doesn't mean my eyes will soon be turnin' red
Sleepin' on the job, those
                                                                                  Am D7
                                                                                      cause I'm never gonna stop the rain by
                                                                Cryin's not for me,
                                                                compainin'
Raindrops are fallin' on my head they keep fallin' but there's
                                                                       C7
                                                                because I'm free, nothings worryin' me
                                                                                                                     Bb C Bb C
                                                                It won't be long till happiness steps up to greet me
Thing I know, the blues they send to meet me, won't defeat me
```
