Tom: **E**  
Intro: **E B E A B**

**E** **B**  
Stars hang suspended  
**E**  
Above a floating yellow moon  
**B**  
Two hearts were blended  
**Gbm** **E**  
While angels sang a lover's tune

**A**  
And so we kissed  
**E**  
Not knowing if our hearts could pay the price  
**A** **E**  
But heaven welcomed us to paradise  
**Gb** **B**  
Blessing our love

**E** **B**  
Then came the sunrise

Fading the moon and stars from sight

Recalling always
