

# hybs - Ride

tom:  
Intro: Gm C7 F  
D7 D7

It's closer to midnight  
Still talking just us two  
Surrounded by the stars  
Oh they're shining just for you  
It's getting colder baby  
Let me keep you warm all night  
Tell me what you wanna do  
'Cause baby I am all for you

Gm C7  
Come and ride with me tonight  
Please don't you go, I'll be alone  
Wait until the morning  
I'll hold you close  
Please don't you go, I'll be alone  
Wait until the morning  
Ride until it's dawning

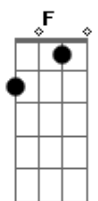

Gm C7  
The way you look tonight girl  
It's way too unbelievable  
I know I'm the lucky one

Wonder what I've done  
To deserve you? uuh
