Hyde - Cape Of Storms

Embraced So where do I sail? Gbm The ghost ship wanders far A ship losing control For there is no guiding star My cries swallowed up, And this treasure has no meaning anymore Lost in the raging sea [Solo] Bm Gbm Bm Gbm Em A So where has love gone? You know completely Will I ever reach it? The taste of sin The Cape of Storms Α Melting sweet in your mouth Bm Echoes the pain I feel inside Like chocolate You'll never notice A moment of pleasure The colour of sin Gbm You are fulfilled Just as the storm clouds close in Em But every dream has its time It's dark Bm To die Here in the shadows Will this be my fate? Gbm I am pursued [Solo] Bm Gbm Bm Gbm Em A Until the ends of the earth
