

Icon For Hire - Sugar And Spice

Tom: E

Dbm E
I don't want your sugar and spice, sugar and spice
B A B
I don't want your sugar and spice, sugar and spice

(Dbm E B A B)

Dbm
Sometimes I say really dumb things

'Cause it's hard to talk and at the same time think

E
At the same time, I feel like I should have that down

I should've figured out the conversation by now
B
There's a lot of time wasted hating the way I act

Social skills I'm not sure I have
A
The list of what's wrong runs way too long
B
And I had no idea 'til you came along

Dbm
Over and over
E
Track on repeat

B
There's something wrong with me
A B
There's something wrong with me

A
Got me, they got me, they got me hooked so good
Abm B
High fructose Hollywood

Dbm E
I don't want your sugar and spice, sugar and spice
B
Sugar and spice and everything nice
A B
I poured down the drain of my life last night

E
I know perfection's infectious or is it more like infection
B
It gets under your skin because you know I'm ignoring you
A B
Wouldn't you rather be broken than boring too?
