

Iggy Azalea - Switch

(Riff Principal)

Uh
It's Iggy Iggs!
What you want
Look, look

[Iggy Azalea] (Riff Principal)
Kick in the door, wave in the four fizzy
They already know they can't fuck with Iggy
Truce got smart and the rent due, you know that
All black when I come through, it's Kodak
Mirror, mirror on the wall
Is Iggy-iggy the baddest of 'em all?
Why you come through and shut down the mall?
All that ass deservin' applause

[Anitta & Iggy Azalea]

This is all that sauce your mama said you couldn't get
Red light, yellow light, green light
Switch! (Ooh)

[Iggy Azalea]
Me and my boo on a worldwide hustle
You know what it is when I flex that muscle
I don't even know what a real one do
Talk that talk, I can back it up too
Got yo dessert, call me the waiter
I'm flirtin', you'll get it later
You can get it from the inside out
No hands, you can put it in your mouth
