Tom: **D**

(intro 4x) **D D**

**D**  
People are sad and I know why  
With no chance to live before you die  
**G C G**  
You get pretty sick if you hafta keep it inside  
( **D D** ) (2x)

**D**  
I wanna build a house where an ad don't scream  
I wanna leave in peace - quietly  
**G C G**  
I wanna have a place of love & safety  
( **D D** ) (2x)

**D**  
People oughta live how & where they want  
People oughta have respect in front  
**G C G**  
People oughta get along pretty O.K.  
( **D D** ) (2x)

**Em A**  
So get off my dick  
**G C G D**  
I'm building it brick by brick

**C G D**  
Brick by brick

I'm building a house where I can think  
And have some balance and dignity  
I'm building a house where no one can hurt me

I'm building a house where the weak are strong  
I'm building a house with a real song  
I'm using a faith that is immortal

I'm building it with simplicity  
And the way that we feel, you and me  
I'm building it with what I believe in

So get off my dick  
'cause I'm building this  
Brick by brick  
Brick by brick  
Brick by brick

**D G**  
Now I'm looking at just a little time  
**Em**  
So be it  
**A**  
I want to  
**D C**  
be true to my simple heart  
**Em A**  
And not put nothing else above it
