

Iggy Pop - Idea Of Fun Intro

Tom: F

This is a great song by a great punk band

This is only the intro, I think that it's right, it sounds good with heavy distortion $% \left({{\left[{{{\left[{{{\left[{{{c_{1}}} \right]}}} \right]}} \right]} \right)$

some reverb.

I may get around to tabbing the whole song, but not for a while.

IN IGGY WE TRUST!!!!
