SOME WEIRD SIN

Intro: E Gb E Gb

Abm Gb Abm Gb
Well, I never got my license to live
They won't give it up so I stand at the world's edge
I'm trying to break in, oh, I know it's not for me
And the sight of it all makes me sad and ill
That's when I want some weird sin

Things get too straight, I can't bear it
I feel stuck, stuck on a pin
I'm trying to break in, oh, I know it's not for me
But the sight of it all
Makes me sad and ill
That's when I want some weird sin

That's when I want some weird sin

Just to relax with
Yeah, some dumb, weird sin
For a while anyway with my head on the ledge
That's what you get out on the edge
Some weird sin

Things get too straight, I can't bear it
I feel stuck, stuck on a pin
I'm trying to break in, oh, I know it's not for me
But the sight of it all
Makes me sad and ill
That's when I want some weird sin

That's when I want some weird sin
Just to relax with
Yeah, some dumb, weird sin
For a while anyway with my head on the ledge
That's what you get out on the edge
Some weird sin
