tom:

Intro: F C G F C  
F C G F G

Take my word  
I promise you, I'll come through  
Take my word  
I promise you, I'll be true  
I'm there for you, ah  
I'm there for you, ah  
I'm there for you, ah  
I promise you, I'll come through

I'm your continual truth  
Speak no lies

Just wanna hear the truth  
I'm done with the miracle, except for you  
Is it my fault if I'm something of a skeptic?  
I've been burnt before, 'cept by you

So take my word  
I promise, I'll come through

(Promise, I'll come through)

So take my word  
I promise, I'll be true

I'm there for you, ah  
I'm there for you, ah

I'm there for you, ah  
I promise you, I'll come through

I'm your continual truth

Continual truth

Do pray tell  
Beauty that inspires you  
Is something of a miracle  
You do what you do  
Give me faith again (faith)  
Give me all the answers  
I follow you blindly  
Pray it on to deceive me

So take my word  
I promise, I'll come through  
(Promise, I'll come through)

So take my word  
I promise, I'll be true

I'm there for you, ah (There for you)

I'm there for you, ah (There for you)

I'm there for you, ah (There for you)

I'm there for you, ah (There for you)

I'm there for you, ah (There for you)

I'm there for you, ah (There for you)

I'm there for you, ah (There for you)

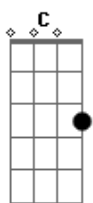

I'm there for you, ah (There for you)

I'm there for you, ah (There for you)

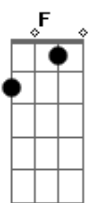

I promise you, I'll come through

I'm your continual truth
