**Gb** **B**  
Take me on a whim  
**Abm**  
It's not the sun that provides us  
**B**  
It's not the moon that divides us  
**Gb** **B**  
I can barely swim  
**Abm**  
And the current's coming in  
**B**  
And the current's coming in again

**Gb**  
Stand up when you hear your name  
**B**  
Because I think that we're the same  
**Abm**  
We've got the same old hands  
**B**  
We've made the same old plans  
**Gb**  
Bail out to the yellow raft  
**B**  
It's got a hole, but we can last  
**Abm** **B**  
We'll watch until it fades away

**Gb**  
Time to take it over  
**Abm**  
Look how far we've come  
**B**  
Some were never meant to come around  
**B**  
Some were never meant to leave the ground  
**Gb**  
Time to take it over  
**Abm**  
Look how far we've come  
**B**  
Some were never meant to come around

( **Gb** )

**Ebm** **Db**

**B** **Db**  
Until it fills up, I won't be satisfied
