                                                                                                                                                                                                                                                     Em G
   Can I clear my conscience,
                                                                                                                                                                                                                                              A monster, A monster,
   If I'm different from the rest,
                                                                                                                                                                                                                                                 And it keeps getting stronger.
   Do I have to run and hide? (oh oh oh)
                                                                                                                                                                                                                                             Em G D A (fade out)
