

Impavid Colossus - Hope

tom: Bm

Bm

She waited by the phone

In a motherless home

A

So young and naive

With a hungry mind to feed

G

The blood is running cold

Hope is almost gone

She used to dress in black

Connected to her past

Bm

She couldn't break free

Accepted the defeat

A

Only shadows remains

And she gave them names

G

Tried to clean up with bleach

To wash away the dreams

She waited for a sign

Since she was left behind

Bm

She is in this world

A

Chasing ghosts

G

Unanswered, unanswered

Bm

The unknown is scary

A

To be alone is scary

G Bm A

Even more when been abused

Bm

A sudden change

She was too young to change

A

Carrying on in the outside

D

But dying inside

G

She's standing at her feet

And the future looks bleak

She keeps trying to cry

But weakness was denied

But weakness was

Bm

Lips that have never been kissed

Stories that will not exist

A

A love she thought someday to find

G

A friend she could count with for life, denied

Tried to clean up with bleach

To wash away the dreams

After all she's been through

Bm

After all she's been through

Chasing ghosts
