

In Real Life - Got Me Good

tom:

Intro: Am Em Am

[Primeira Parte]

No way I thought
I'd fall for this in my life
I drifted off in those eyes
Saw truth in all of your lies
Know what you're doing how you get it your way
That's why it's so hard to concentrate
I give you love but it wouldn't be enough
That's too bad 'cause I only wanted ya

[Pré-Refrão]

I let you get me caught up
Now I'm in too deep

[Refrão]

Tell me how it feels to know how good you got me good
You got me good
Tell me how it feels to know how good you got me good
You got me good

[Segunda Parte]

You say sorry
It's just to mess with my head
You touch me, make me forget
And I'm still payin' for it
There ain't no limits to the webs you weave
You pullin' back when I try to leave
I give you love but it wouldn't be enough

That's too bad 'cause I only wanted ya

[Pré-Refrão]
