

In This Moment - The Promise

Tom: C

It's haunting
This hold that you have over me
I grow so weak
I see you
And everything around you fades
And I can't speak

But you can never know what it is you do to me
What it is you do to me

No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin
And no matter what you say or what you do
I know how this will end
So I'm turning away now
I'm dangerous for you
I'm dangerous for you

You touch me
And I can barely make a move
And I can't breathe

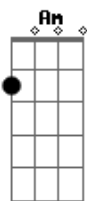

But you can never know what it is you do to me

What it is you do to me
No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin
And no matter what you say or what you do
I know how this will end
So I'm turning away now
I'm dangerous
The only promise I could make you
(Is that my promise is a lie)
The only promise I could make you
(Is that my promise is a lie)
No matter what I say or what I do
I know how this will end
So I'm turning away now before we begin
And no matter what you say or what you do
I know how this will end
So I'm turning away now
I'm dangerous for you
(G)
My promise is I will hurt you
