

# In This Moment - The Promise

Tom: C

It's haunting  
 This hold that you have over me  
 I grow so weak  
 I see you  
 And everything around you fades  
 And I can't speak

But you can never know what it is you do to me  
 What it is you do to me

No matter what I say or what I do  
 I know how this will end  
 So I'm turning away now before we begin  
 And no matter what you say or what you do  
 I know how this will end  
 So I'm turning away now  
 I'm dangerous for you  
 I'm dangerous for you

You touch me  
 And I can barely make a move  
 And I can't breathe

But you can never know what it is you do to me
