THIS IS SO RIGHT

Standard Tuning

Effects: Distortion, Tremolo, Wah

Notes in [brakets] are harmonics

Intro: (start with drums)

now the intro gets louder and louder each time it is played

till its

full on distortion.

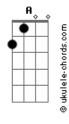

(light distortion)

then

(with more distortion)

then

Acordes

(with even more distortion (and mabye a little chorus), and let notes $\operatorname{ring})$

then

(with just distortion)

thats the intro!

Verse:

(with tremolo)

then

Pre-Chorus: (letting the wah out slowly and then putting it back on quickly at the end)
