Intro: and verses    (part 1)

G   ----------------------------     Play this with a
little

D   ----------------------------     chorus until Sully
sings

A     ------5----5----5/7--7--7--7--     "Face it, Try
it........"

D(E ) 0--0-----0----0---------------

Then Play this...

Chorus  (part 2)

G     -------------------------------

D     -------------------------------

A     -------------------------------

D     0--0--0-2-0-3-0-2/3--3--3-3------
```

For the second verse, play part one again. Then play the second part for the

```
Second Chorus.  But after the second chorus, play this (part
3) just once.

Bridge   (part 3)

G  -----------------------------------------------------------
---

D  -----------------------------------------------------------
-----

A  -----------------------------------------------------------
----

D  0-r-0-0-r-0-0-r-0-0-r-0-0/2-2---0-r-0-0-r-0-0-r-0-0-
r-0-0/3-3

A  -----------------------------------------------------------
------

D  0-r-0-0-r-0-0-r-0-0-r-0-0/2-2---0-r-0-0-r-0-0-r-0-0-
r-0-0/2-2/3
```

Play this just once, then play part one again a couple times and then there's

another verse. Play part one until the third chorus comes. Then the bass

plays part three by itself one time. Then it's played another six times for

the guitar solo and the end. It's a pretty simple song. Anyone that can play

bass can learn this song pretty quickly.
