

Incubus - New Skin

Tom: **G**

(intro)
(distortion)

(main riff) x4

(verse)
(distortion)

then

A)first time around

B)second time around

slide up and
down quickly to make
a vooooooooom sorta sound

(bridge)
For the interlude i switch to wah-wah pedal in the low
position-
It sounds right. at the end of the interlude, press the pedal
to
The high position before switching to distortion for the
chorus.

(chorus)
(distortion)

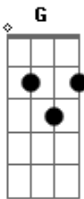

(interlude)
(distortion)

...since the initial publication...
