

Incubus - New Skin

Tom: **G**

(intro)
(distortion)

(main riff) x4

(verse)
(distortion)

then

A)first time around

B)second time around

slide up and
down quickly to make
a voooooom sorta sound

(bridge)

For the interlude i switch to wah-wah pedal in the low position-
It sounds right. at the end of the interlude, press the pedal to
The high position before switching to distortion for the chorus.

(chorus)
(distortion)

(interlude)
(distortion)

...since the initial publication...

< p.m. >

(ending)

Acordes
